

ADDINGHAM MEDICAL CENTRE
PATIENTS PARTICIPATION GROUP

AIMS AND OBJECTIVES

- Contribute to practice decision making and service development.
- Identify patients needs, concerns and advise and discuss with the practice management where necessary.
- Provide a voice for patients in the community and communicate information that affects healthcare
- Identify additional medical service requirements and negotiate for their provision
- Monitor services of the practice and local hospitals and feedback to the NHS as necessary
- Liaise and network with other local PPGs
- Represent patient's interests to the local PCT
- To receive feedback in respect of Practice achievements in relation to Government targets together with analysed results and outcomes of patient questionnaires.
